Millinery Opening.

The opening of spring and summer millinery, always looked forward to by the ladies with as much enjoyment, as the boy waits for circus day, proved a great success in Lancaster Monday, and both stores were crowded all day. The many new designs and patterns displayed were highly complimented and the proprietors praised upon the successful selections. A great many purchases made, and the millinery business starts off with every prospect of being the best in years.

Former Garrard Man.

Wm J Leavell, a farmer citizen of Garrard, is an announced candidate for the Democratic nomination for the Representative in Jessamine county. He is a man of ability, experience and informed on all public matters. He has a host of friends in this county who hope his ambition will be gratified. He was a leader in Garrard politics, and always voted for local option in this county. He has a wide circle of prominent relatives and friends in Garrard.

New Firm.

Messrs Curry & Herndon, who have conducted a grocery store next to the National Bank for some time, sold their stock of goods to Messrs Gill, Walker & Simpson, invoice being taken the first of the week, and the new firm consists of Messrs J Lewis Gill, Green Clay Walker and John Simpson, all well-known young men. They are boys of wide acquaintance and deserve every success. They tell The Record it is their intention to handle nothing but the very best of goods and do all in their power to merit the patronage of the public. They show they are going after trade by placing a large ad in this paper to let you know they are in business and want your trade.

IMPORTANT To FARMERS.

Most Important Meeting of Farmers Ever Held in Garrard County to be Held Next Monday and Tuesday, April 1 and 2.

The Garrard County Farmers Association, which has been attracting the interest of so many of our farmers, has arranged for a monster two-days' meeting in Lancaster next Monday and Tuesday, April 1 and 2. As is known, this organization is for the up building of the farming interests of the county, for a getting together of the farmers and the bringing about of many improvements in the business which cannot be done in any other way. The Association already has a membership of over one hundred, and new names are being added every day. There is absolutely no cost attached to being a member, and every farmer in the county should join at once. Every farmer is urged to be present and should consider himself especially invited. Three distinguished speakers will be here and address the meetings, viz: Prof W H Scheffels, who will lecture on Tobacco Raising, its Culture, Handling, etc. Prof J E Wing, of Ohio, will lecture on Alfalfa, Corn Raising and Soil Fertility. Prof E S Goode, of Indiana, will talk upon Stock Raising. Each of these gentlemen are experts on the subjects named, and every one hearing them is bound to learn something of value.

The meetings will be held at the court house at 9:30 a m, each day, and will be presided over by Hon Hubert Vreeland, Commissioner of Agriculture of Kentucky. On one evening a banquet will be given, and the entire time will be made pleasant and profitable to all who attend. The officers of the Garrard county organization are Hon J N Denny, president, J E Robinson, vice president and Jno M Farra secretary. Every farmer should make it a point to be there. It don't mean that you must be a land owner, but a man who is interested in the foregoing subjects.

M. S. Baughman.

The many warm friends of Mr M S Baughman, in this section are glad to learn that he will be a candidate for reelection to the office of Sheriff of Lincoln county, and if they could go over the line and vote they would make his election sure. They claim that it is a rule to endorse a worthy official and, as he could not serve two terms in succession, he should be elected for the next term. A friend reports that he heard Judge Bell and common wealth Attorney Hardin speak in the highest terms of his official career, and it is universally agreed that he always discharged his duties faithfully and always had the public good in view.

He realized the importance of the office, as he collected the people's revenue for defraying public expenses, and frequently had charge of criminals. His undoubted integrity and courage made him equal to every emergency.

He inherited those high traits of character which are always in demand in private or public service. He is in the prime of life, has abundant experience in all that pertains to the office and his nomination would meet with the approval of the people. He is a member of the Christian Church and the Knights of Pythias.

In campaign work and party organization he is a power and scatters terror and consternation in the ranks of the opposition. His allegiance to the Democratic party, his obedience to every call of duty, and his devotion to his friends constrain them to believe that his nomination and election would be a matter of justice to him and redound to the public good and the general welfare.

Notice to Trustees.

The census blanks for the examination of children of school age can be had by calling at Co Supt's office on Saturday, or at office of the County Clerk. The law requires this report to be filed at the Co Supt's office on or before the first day of May. If

A Law-Abiding County.

The grand jury, after many days faithful work, only returned fourteen indictments, which shows how law-abiding our citizens are. The writer remembers when from 100 to 200 indictments were considered doing mighty well.

Death of Prominent Man.

News of the death of Mr Richard A McGrath, which occurred late Thursday afternoon, was a great shock to the many friends of that clever and popular gentleman. Mr McGrath had not been seriously ill, and his family thought of no immediate danger. Heart failure came on suddenly and he died in a remarkably short space of time. Mr McGrath had resided in Garrard county, near Bryantsville, for more than thirty years, and was held in the highest esteem by his many friends. He served in Capt M D Logan's company in the Confederate army, under Morgan's command, and was a devoted member of the local Camp of Confederate Veterans, which is known as the David Logan Camp. He leaves three children, Mrs Thos E Adams, Richard and Price McGrath. The funeral was held at his late residence Saturday afternoon, interment taking place in Danville. Many members of M D Logan Camp attended the funeral in a body, wearing their gray uniforms. Garrard county loses a good citizen in the death of "Dick" McGrath, and his death is deeply regretted by all who knew him.

Opening of Spring Millinery.

I take pleasure in announcing to the public that our opening of Spring Millinery will be held next Saturday, the 30th. A most cordial invitation is extended to all to call and inspect our stock, which is the handsomest, most elaborate and up-to-date ever shown in this section of the State. Miss Bennett, who has been with me and given so great satisfaction for several years, will again have charge of the trimming department. Mrs Josephine Bener.

To Our Subscribers.

This office has been heels over head in job printing and advertising work for the past two weeks. As this is the busy season with all printing offices, it is impossible to get extra hands—they're all busy. We are turning out work as rapidly as possible, but our news columns have been pushed aside for advertisers. No sensible subscriber will object to this, as it only happens in the Spring and Fall. This papersends you ten and twelve columns of Home news every week, more than any paper in this section, for we very seldom run plate matter. If you think you're not getting the worth of your dollar-a-year, stop and think of the large amount of news we sent you when business in all branches was at a standstill. In other words, look on both sides of the question.
